What space are you submitting for? (please check one)

The Gallery is a large room with street access (approx. 71 linear ft of wall space and 800 sq. ft. of floor space.) Artist fees are 60% to artist, 40% to SAM.

The Museum space is an enclosed room with deck access. Approximately: 73 linear ft. of wall space and 528 sq. ft. of floor space. Same artist fees apply however work does not need to be for sale. The SAM curatorial committee invites museum exhibits of cultural and educational interest for this space. This is an excellent installation space and demonstration space.

Our criteria will focus on technical skill, aesthetic qualities, historical, cultural or educational significance, audience appeal and alignment with our mission statement:

The Siskiyou Arts Museum strives to enrich the lives of artists, residents and visitors to Siskiyou County through exhibition, sale and interpretation of the visual, literary and performing arts by presenting events and programs that will educate, strengthen, serve and sustain our community.

Please note: Unless the show is a retrospective covering the life work of a particular artist, art to be exhibited should be relatively new (produced within the past two years) and usually should not have been shown in other galleries in Siskiyou County prior to this show. If you wish to include artwork that has been shown before, and you feel the pieces are necessary for the proposed show, please be sure to include an explanation and photos of those specific art pieces for consideration.

In keeping with our mission SAM will work to generate interest in our gallery and museum shows. How can you help? (please check all that apply)
